Special notices, text to reading matter, \$1.00 per square of type.

Mr. B. A. Lumb is our authorized agent at Belton, and Dr. H. H. Parker, at Salado, Bell county, to whom kind offices are very respectfully referred all who wish to subscribe for the EXAMINER in those two localities, respectively.

Local Intelligence.

W. M. Anderson is daily making additions to his already large and elegant stock of furniture. A large shipment just in yesterday.

Mr. Bumpass was before Mr. Justice Mason and a jury yesterday, charged with committing burglary in his house. Fined \$10 and costs.

State vs. Eron, charged with assault upon J. Robinson, guilty. Fined \$25 and costs.

The Coln a House, under its present management, is one of the best kept hotels in Central Texas.

Till tapping is effectively prevented by the use of Mile Alarm Cash Drawers. Buy no others, as they are the only Drawers which can stand the test. Fairbanks' Safe Agents can supply them. No investment can pay you a larger dividend for the outlay.

FOR RENT.
My splendid store, now occupied by Thomas P. Abel, is for rent. A splendid stand for a dry goods or grocery store. Will be rented cheap.

ENCAMPMENT REUNION.—Waco Encampment No. 24, I. O. O. F. propose to give a reunion at Marshall Hall in this city, on Monday the 27th, inst. The 25th being the fifty-fifth Anniversary of the Order of Odd Fellows. The refreshments will be spread at Wilhelm's ice cream saloon, in the same block. The Order with characteristic hospitality will spare no pains to invest the occasion with all the interest to their guests possible under the circumstances. We wish for them all the joy they so richly merit.

The article with reference to the Seldge-irwin Combination, which appeared in yesterday's issue of the EXAMINER, was not intended as a slur at the Sam Houston Hall, as some seem to think, but rather to show the difference between the character of the exhibition which was last there, and the one which intends being there soon. We think, on the contrary, that the Sam Houston Hall is admirably located, and could, and doubtless will, be made as nice a hall as there is in the State, and we have earnestly urged Mr. Himmler, to secure that hall, and hope he will do so.

BAD FROM MILAM.—On Thursday night last, we are informed, the courthouse at Cimeron was burned to the ground, with all the records. This, it is feared, will very seriously affect the titles to much land in what was known as the old Milam Land District. Many of which records had never been transferred to the counties in which they belonged.

A jug of kerosene oil was found next morning near the ruins, which indicates that it was the work of an incendiary.

FEN ON BRIDGE STREET.—Mr. Efron yesterday became vexed at one of his cotton jumpers, and in good old *anglo bellum* style, proceeded to administer a severe rebuke, which did not exactly suit the ideas of the aforesaid young gentleman, and a good sized, noisy little fight was the result, from which the contestants came forth, slightly the worse for the little scrimmage, but the non-combatant in that busy mart of trade, enjoyed the affair hugely.

Thanks, to Prof. Krause, for a magnificent bouquet, containing thirteen varieties of roses, most beautifully and artistically arranged. How naturally music and flowers go together. Prof. K. takes great delight in the care and cultivation of his flowers, and his success is abundantly attested by the splendid specimens he so kindly brought us, with his own hands.

Mr. J. H. Lewis, our energetic and attentive agent at Weatherford, called yesterday. We trust his visit to our city will be both pleasant and profitable. He represents the crops in Parker county as promising in the extreme. The wheat has almost altogether escaped the rust, and other crops are unusually good by the late frosts.

We had the pleasure yesterday of greeting several old Coryello friends of ours. They speak most reassuringly of the crop prospects and the quiet and general prosperity prevailing.

Moore & Sargis have again large shipments of finest groceries, and are selling them at very fair prices. The Grangers don't seem to be at all afraid of them or their prices, the way they "dip" into their goods.

The wind cut up high jinks yesterday, and many a pair of peepers are the worse for it.

THE GRANGERS.—We learn from a gentleman who came up on the train yesterday, that a large number of delegates to the Grange meeting, were on their way to Austin. Our informant speaks in high terms of the fine appearance and evident intelligence of the men.

The court house question is one of absorbing interest to our citizens, and is being very thoroughly discussed, and carried without the "dis" in nearly every circle.

A fountain could be constructed in our square at a cost so trivial and insignificant, that the wonder is, that it has not been done long since. A pipe from the pump at the bridge, is all that is necessary.

The most elegant assortment of jewelry to be found in the State can be seen at Mr. Ragland's. These diamonds are particularly elegant. When you have an idle moment drop in and see them.

Queen Vick has not got all of the buffalo meat and tongue. Plenty more for sale at J. B. Hayes, in the Lusk building.

Mr. Peter McClelland has commenced the erection of another fine brick store house on Austin Avenue. We understand it will be occupied by our friend, J. B. Hayes, Esq.

Capt. C. M. Harvey leaves town this morning on a trip to San Antonio, and perhaps Laredo.

Ye men folks, in ye Auld Folks Concert, will meet at Dame Strohers to take counsel of costumes in ye morning of Wednesday, (today) ye fifteenth day of April.

Col. A. B. Smith, President of the Texas Express Company, and Mr. John McCulloch, Route Agent, are at present in the city, guests at the McClelland Hotel.

Col. D. C. Freeman of Austin called to pay his respects yesterday.

Lin C. Alexander Esq., arrived yesterday from Belton.

The election for Alderman in the Fourth Ward yesterday resulted as follows: Sanford Johnson (gentleman) 47; Shed Willis (negro) 15. We congratulate the Fourth Ward and the city upon this result, and glory in it, because the day of dark representation in the Council of our fair city, is over.

In the District Court, the argument in the cause, W. W. Downes vs. L. D. Hough, and others, was concluded at 4 p. m. yesterday. The jury had not returned their verdict up to the time of going to press.

LUCKETT'S LINIMENT—LIVING WITNESSES.

BLUE RIDGE, Falls County Texas, August 15, 1873.
Mr. S. M. Lockett:
DEAR SIR—I have been sorely afflicted with Rheumatism for several years, so much so that at times I have not been able to walk without the greatest pain for two and three months together. I have tried every remedy, and been attended on by several good physicians, but have never experienced any relief until I was induced to try "Lockett's Liniment." After using three bottles I find myself entirely well, and I cheerfully give this to the public, hoping that others may see this and profit by my experience, and speedily seek relief in this truly wonderful medicine.

THE WAR IN SOUTH CAROLINA.
The war on whisky and threatened volcanic eruption of Bald Mountain, North Carolina, is creating a great sensation in some portions of the country. Perhaps equally as great, but a much more pleasant sensation, is created by those beautiful pictures made for the thousands of patrons that throng Jackson & Knight's gallery.

SUBSTITUTE IN THE DENTAL RANKS
Are not desirable; therefore, keep the natural teeth sound and pure with that wholesome vegetable elixir, Soudont. Do this, and they will last as long as the breath lasts, and the breath itself will never be tainted.

IF YOU WANT
The latest style hat, go to Lewine & Bro's, who have just received their new stock.

Poverty of the Blood.
If the blood be thin and watery the whole system is impoverished. The flesh is flabby, the muscles lack hardness, the nerves are relaxed, the internal organs but imperfectly perform their function, the brain is inert, and, in short, the entire body is only half alive. The stomach is mainly responsible for the wretched condition of the human machine. Stimulate and tone that organ with Hostetter's Stomach Bitters, and a marked change for the better will soon be apparent. The result of improving the digestion with this potent and genial tonic will be the conversion of the food into rich, pure blood, and as the blood is the raw material from which flesh, muscle, brain, bone, and every membrane, and ligament of the body are manufactured, all these components of the material frame will be gradually regenerated and invigorated. This sound doctrine, and it is sustained by the logic of facts.
